ABOUT BTKIT DWARAHAT

BTKIT, Dwarahat (Formerly-Kumaon Engineering College) is an engineering institute established by the Govt. of Uttar Pradesh in 1986 for imparting engineering education and promoting technological environment in Kumaon region. Kumaon Engineering College, Dwarahat started functioning in 1991 and its name transformed into B.T. Kumaon Institute of Technology (BTKIT) in 2011. The institute has been granted autonomy status by UGC in 2012.

Institute offers B. Tech., M. Tech., MCA and Ph.D. programmes in various disciplines of Engineering & Technology. The Institute has been selected as an institution under World Bank funded Government of India Project on Technical Education Quality Improvement Programme (TEQIP - II) and recently selected in TEQIP-III.

The institute possesses several modern facilities and offers a congenial environment for teaching and research with over 25 years of experience and achievements in the field of technical education, BTKIT has established itself as an institute of total commitment to the quality and excellence in academic pursuits.

ABOUT DWARAHAT AND UTTARAKHAND

The institute is situated at Dwarahat, in Almora district of Uttarakhand. Almora, a picturesque district in the Kumaon region, East of Uttarakhand in India, with a breathtaking panoramic view of Himalayas, summons tourists worldwide to its alluring grandeur of natural beauty. Famous for its rich cultural heritage, unique handicrafts, sumptuous cuisine and magnificent wildlife, coupled with an easy accessibility, Almora promises its tourists a visit full of fun and unforgettable moments. Nainital, Ranikhet, Kausani, Binsar, Bageshwar, Pathal Bhuvneshwar, Jalana and Shitlakhet are worldwide famous summer destination of tourism near Almora. These places are famous for salubrious climate, balmy breeze captivating and panoramic Himalayan View and soothing and pollution free greenery of pines and oaks. Apart from above, some famous religious places like Jageshwar (believed to be the abode of the one of the twelve 'Jyotirlingas'), Baijnath, Manila, Dunagiri, Katarmal (One of only two Sun temple in India, is famous for 800 years temple dedicated to the Sun God) are very near to Almora.

CONFERENCE OBJECTIVES

In the present era of globalization, revolution has come in the field of communication technologies. Electronics and Communication Engineering is advancing at rapid speed. New technologies in communication and their applications are emerging in the areas of Fiber Optic applications, wireless networks, GPS, Telecommunication Engineering, etc... The challenges faced by today's technocrats are forcing them to keep abreast with emergent trends through continuous research and development.

CONFERENCE THEME

National Conference on "Latest and Emerging Technologies in Communication" (LETC-2018) is intended to provide a common platform to bring together academicians, researchers, engineers, research scholars, scientists and students from all over the country to exchange and share their views and experiences in the recent trends and to discuss the practical challenges encountered and the solutions adopted. The conference aims to cover the following areas-

- Fiber optic Communication System.
- Photonics Communication Systems and Networks.
- Mobile and Optical Communication.
- Ad-hoc and Sensor Networks.
- Digital Signal processing (Image Processing, Speech Processing).
- Telemedicine Networks.
- Communication, Broadcast & Telemetry.
- DSI systems.
- Advanced Modulation Schemes for Massive MIMO, 5G and Beyond.
- Multicarrier Systems, OFDM.
- Broad Band Communication.
- Advanced VLSI Systems.
- Embedded Wireless Systems.
- Satellite and Space Communications.
- Any topic related to Electronics and Electrical Engineering.
