Vice Chancellors of all Technical Universities

**Sub: Registration of students on INFRACON ([infracon.nic.in](http://infracon.nic.in)) Portal – Reg.**

Dear Sir/Madam,

We are pleased to inform that **National Highways & Infrastructure Development Corporation Limited (NHIDCL)** has a well-established web based National Portal **INFRACON ([infracon.nic.in](http://infracon.nic.in))**, for Infrastructure, consultancy Firms and Key Personnel. It creates a linkage between consultancy firms working in the road engineering and construction sector and key Personnel deployed for project preparation and supervision.

INFRACON is a platform where any Civil Engineer can build his/her CV to enable himself/herself to be selected for prestigious National Projects under MoRTH, NHAI, BRO, NHIDCL etc. INFRACON has proved to be a great asset for aligning right resources and experiences for a large number of projects across the country thus ensuring employment to many in the field of road construction, etc.

These projects require key Professionals with all levels of experience. Thus, these projects also provide a great opportunity for fresh and budding engineers of this field to get employed in posts that require little or no prior experience like Assistant Highway Engineer, Assistant Bridge Engineer, Assistant Quality and Material Engineer, Surveyor, etc.

Once registered and verified on INFRACON portal, young professionals would be getting a large number of opportunities with ongoing as well as new projects being rolled out.

You are requested to motivate young professionals to enroll themselves on INFRACOM **[infracon.nic.in](http://infracon.nic.in)** and upload their CVs etc. to explore the benefits.

Regards,

(Dr. Ramesh Unnikrishnan)  
Advisor II (P&AP)
