Para paragraph no. 400, 402.

1. On completion of an original work executed on behalf on another department, completion certificate in Public works department Form no. 45B should be forwarded by the Divisional officer to the competent authority in the department concern, who should after signing it in the space provided for this purpose, return it to the Divisional officer.
2. The counter-signature of an officer of the requisitioning department merely implies, in the case of an original work, that the work has been completed and taken over, generally is in proper order and involves no further responsibility. If the countersigning officer is not satisfied with the work and wishes to make any remark he can do so over his signature, but he should bear in mind that, in making remarks which are unnecessary or irrelevant he may occasion much trouble and delay.
